

## Evosys Cyber exclusive offer for Visit Pembrokeshire Members

### Core Package

#### For businesses requiring year-round compliance with Cyber Essentials

CyberSmart Core is our all-in-one package designed to provide SMEs with end-to-end assurance against digital threats. With Core, you get everything your business needs to strengthen your security posture, ensure year-round compliance with Cyber Essentials, and access a cost-effective route to cyber insurance.

### What's included?

#### Cyber Essentials Certification

(Including optional £25k cyber insurance cover)

Protection from 98.5% of the most common cyber threats, delivered by the UK's leading certification body, with unlimited free submissions and live support.

##### Key Benefits

- ✓ Achieve one Cyber Essentials certificate within any 12-month period
- ✓ Access one of the fastest, simplest certification routes on the market
- ✓ Unlimited submissions at no additional cost
- ✓ Unlimited guidance from CyberSmart's experienced, IASME-accredited experts
- ✓ Optional £25k cyber insurance included upon successful certification

INCLUDED

#### CyberSmart Active Protect

Active Protect provides always-on device protection and compliance, with continuous monitoring, built-in training, and smart policy management — all from a single, easy-to-use platform. Designed for both desktop and mobile, it helps protect people, processes, and technology in any environment, including BYOD.

##### Key Capabilities

- ✓ Continuous device monitoring and security posture checks
- ✓ Learn Lite: bite-sized, built-in security awareness training
- ✓ Smart Policies: templates, distribution, tracking, and user agreement
- ✓ Mobile security checks and BYOD-friendly protection
- ✓ Privacy-first monitoring with clear user consent
- ✓ Easy deployment and user management with compliance reporting
- ✓ Multi-level reporting across company, teams, users, and devices
- ✓ Optional £25k cyber insurance included upon successful certification

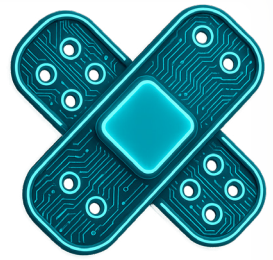

INCLUDED

## CyberSmart Patch

Patch keeps your business protected by automatically updating third-party software, eliminating one of the most common causes of security breaches — without disruption or complexity.

### Key Capabilities

- ✓ Patch hundreds of popular third-party apps (browsers, chat tools, productivity software and more) on Windows and Mac devices
- ✓ Automated patching with optional custom scheduling
- ✓ Full visibility of patch history by device, version, and application
- ✓ Prioritise updates based on urgency and risk
- ✓ Patch one device, multiple devices, or entire organisations with granular control

INCLUDED

## Optional Insurance Upgrade

If the included £25k Cyber Essentials insurance isn't enough, you can access discounted, bespoke cyber insurance through our trusted brokers Sutcliffe & Co — giving you financial protection that complements your technical controls.

### Benefits

- ✓ Tailored coverage aligned to business size and risk profile
- ✓ Competitive discounts available exclusively through CyberSmart
- ✓ Supports faster recovery from business interruption, data loss, or cyber incidents
- ✓ Strengthens overall risk posture
- ✓ Helps fulfil supply-chain and contractual requirements in higher-risk sectors

OPTIONAL

## Tailor your package

Enhance your protection by selecting one of our add-on products or purchasing any combination of products to create a custom package to meet your specific needs.

**Cyber Essentials Plus (CE+)** provides all the benefits of Cyber Essentials — but with the added assurance of an independent audit. CyberSmart's in-house auditors deliver a smooth, supported process with clear remediation guidance and audit-ready evidence.

**CyberSmart Learn** is a customisable, scalable security awareness training platform with role-based learning paths, phishing simulations, real-time reporting, and a growing library of expert courses — helping teams stay ahead of cyber threats and compliance requirements.

**CyberSmart Vulnerability Manager (CSVM)** delivers enterprise-grade vulnerability management that's accessible, scalable, and built for continuous assurance, with real-time visibility, prioritised guidance, and expert-backed support in one intuitive PCI-compliant platform.

## Want to know more?

Get in touch. We'll be happy to talk you through how our packages can help your business build Complete Cyber Confidence.
